

Maria Mi Vida Written by Trevor Yates

[Verse]

Eyes like thunder crash my soul
Voice a whisper raw and bold
Maria where the shadows go
Heartbeats racing catch the flow

[Verse 2]

Lips of fire burn my nights
Lost in dreams of endless flights
Maria you're my guiding light
Chasing darkened fears with might

[Chorus]

Maria mi vida you set me free
Breaking every chain that binds me
Through the storm and the raging sea
Maria mi vida you're the key

[Verse 3]

Hands that heal the wounds I hide
Love as fierce as waves collide
Maria with you I confide
Ride the lightning side by side

[Bridge]

Lost in echoes from the past
Found in moments that we grasp
Maria our love will last
Through the stormy skies so vast

[Verse 4]

Shattered walls now smooth as glass
Future dreams from broken past
Maria forever steadfast
Love that's here and built to last
