

## **Losing It Slowly Written by Trevor Yates**

[Verse 1]

Shadows creeping where the light won't go  
Voices whisper like the wind that blows  
Eyes in the mirror staring back so cold  
Losing grip on whatever I can hold

[Verse 2]

Every crack in the wall's a laughing face  
Time keeps slipping it's a twisted race  
Holes in my mind where the silence breaks  
Screams inside that I can't erase

[Chorus]

I'm going crazy losing control  
Fire's burning deep down in my soul  
Chains are rattling I can't escape  
Losing it slowly can't change the shape

[Verse 3]

Night comes down like a heavy hand  
Truth and lies mix like shifting sand  
Feel the pressure of a crumbling land  
This madness I can't understand

[Bridge]

Fingers twitching can't stay still  
Heart pounding like it's going to kill  
Is this real or just a cruel thrill  
Line between fantasy's over the hill

[Chorus]

I'm going crazy losing control  
Fire's burning deep down in my soul  
Chains are rattling I can't escape  
Losing it slowly can't change the shape
