

Beautiful Chaos Written by Trevor Yates

[Verse]

She walks like a fire no one can tame
Eyes like the night driving me insane
Hair like a storm wild and free
She's the chaos that's consuming me

[Verse 2]

Every step she takes shakes the ground
A whisper in the air it's the loudest sound
She's the lightning flash tearing the sky
I'm alive and burning don't know why

[Chorus]

Beautiful girl you're breaking my mind
Lost in the storm I can't rewind
A hurricane spinning in my veins
Beautiful chaos driving me insane

[Verse 3]

Her laughter cuts like a jagged blade
Leaves me stranded in the mess I've made
She's the reason my heart's unchained
A reckless ride through pleasure and pain

[Bridge]

She's the moon that pulls my tide
An endless wave I can't hide
She's the echo screaming in my chest
The reason I'm alive and wrecked

[Chorus]

Beautiful girl you're breaking my mind
Lost in the storm I can't rewind
A hurricane spinning in my veins
Beautiful chaos driving me insane
