

Beautiful Mystery Written by Trevor Yates

[Verse]

She walks like thunder crashin' down the street
Eyes like fire burnin' up the heat
Hair a storm wild untamed free
She's a beautiful mystery I'll never see

[Verse 2]

Her voice like gravel rolls through my chest
Tears apart my soul won't let me rest
She's got the chaos I can't contain
Leaves me drownin' in the pourin' rain

[Chorus]

Oh beautiful girl tear me apart
Rippin' through the wires of my stubborn heart
You're a shadow a flame a wild desire
You're the matchstick settin' my world on fire

[Verse 3]

She moves like a whisper through the crowd
Leaves the noise but it's never loud
Every step's a dagger twistin' deep
She's the dream I can't hold or keep

[Bridge]

She's a hurricane I can't outrun
A storm brewin' under the breakin' sun
She's the ache I crave the fight I lose
A wild card with nothing to choose

[Chorus]

Oh beautiful girl tear me apart
Rippin' through the wires of my stubborn heart
You're a shadow a flame a wild desire
You're the matchstick settin' my world on fire
