

Samantha's day Written by Trevor Yates

[Verse 1]

The sun woke up
It sang your name
Samantha
Today's your claim to fame
Little feet once filled these halls
Now you're ten feet tall

[Prechorus]

Candles on the cake
They glow like stars
A little fire
Showing who you are

[Chorus]

Oh Samantha
This is your day
The world spins slower when you smile that way
Oh Samantha
Let's shout
Let's play
Every moment's yours
It's Samantha's day

[Verse 2]

Your laugh's a tune
It breaks the sky
The world bends just to watch you fly
Every dream you chase
Every step you take
Is a masterpiece you make

[Bridge]

You're the song I didn't know I could write
A melody that feels so right
Samantha
You're the spark
The flame
Every heartbeat whispers your name

[Chorus]

Oh Samantha
This is your day
The world spins slower when you smile that way
Oh Samantha
Let's shout
Let's play
Every moment's yours
It's Samantha's day
It's Samantha's day
It's Samantha's day
